

# Illusion

**Brief Description:** A quintessentially English looking oily pull-up hide that has been fused with a paisley type of pattern. To the eye, it looks like beautiful skin that has a work of art tattooed into it. Welcome to the future traditional hide.

| Leather Information  |                         | Test Specification  | Results      |
|--|-------------------------|---|--------------|
| Durability:  | Low                     | Light resistance (xenon test)<br>IUF 402 - UNI EN ISO 105-B02             | 3 blue scale |
| Grain:   | Full Grain              | Colour fastness to 50 dry rubs<br>IUF 450 - UNI EN ISO 11640              | N/A          |
| Hide Origin:   | New Zealand - Ox / Bull | Colour fastness to 20 wet rubs<br>IUF 450 - UNI EN ISO 11640              | N/A          |
| Average Size:  | 48sq.ft (4.46sq.m)      | Colour fastness 20 Alkaline pH8<br>IUF 450 - UNI EN ISO 11640             | N/A          |

| These leathers comply with the strict regulations and EU Directives covering the use and presence of PCP, CFC, Chrome VI and Azo dyestuffs during the tanning process.<br><br>These samples are for colour reference and finish only. They should be regarded as no more than a guide as colours naturally may vary from batch to batch. |                         | Tear Strength<br>IUP 40 - UNI EN ISO 3377-1                               | >=20N        |
|  |                         | Flammability<br>BS 5852:2006 sources 0 & 1<br>(UK Cigarette & Match Test) | Pass         |

**Care information:** To give you years of enjoyment from your leather please observe the following:

- Avoid exposing your leather to direct sunlight or direct heat.
- Avoid sharp objects such as studs, buckles & zips coming into contact with the leather.
- Dust and vacuum your leather regularly.
- Leathers these days do not need to be fed and the use of saddle soap or wax polishes should be avoided, especially spray polishes.
- Use of general household cleaning products, chemicals and abrasives are not recommended as they can breakdown the protective surface and cause damage.
- Do not use any method or product not recommended by the manufacturer.
