		Flammability BS 5852:2006 sources 0 & 1 (UK Cigarette & Match Test)	Pass

Care information: To give you years of enjoyment from your leather please observe the following:

- Avoid exposing your leather to direct sunlight or direct heat.
- Avoid sharp objects such as studs, buckles & zips coming into contact with the leather.
- Dust and vacuum your leather regularly.
- Leathers these days do not need to be fed and the use of saddle soap or wax polishes should be avoided, especially spray polishes.
- Use of general household cleaning products, chemicals and abrasives are not recommended as they can breakdown the protective surface and cause damage.
- Spills should be blotted immediately with an absorbent cloth. Do not rub.
- Do not use any method or product not recommended by the manufacturer.
